

“Becoming a Love and Logic Parent”

Cline/Fay Institute Program for Parents

“Becoming a Love and Logic Parent,” authored by Jim Fay, Educational Consultant and Foster Cline, Child Psychiatrist, M.D. is coming! This seven Module course teaches practical techniques that you can use immediately to improve relationships and effectiveness with your children or students. They include:

Four Steps to Teaching Responsibility

Five Step Model to Help Children Solve Their Own Problems

The Art and Science of Control – Control that is shared

Setting Limits with Kids – Problem Ownership

“Thinking Words” vs. “Fighting Words” –

Side Stepping Power Struggles

Empathy followed by well designed consequences –

Maintain your relationship and be effective.

And More!
